

Halal Certification Indonesia

Halal in Indonesia after 17.10.2024

Legal requirement of mandatory Halal certification

If not certified : no more sales or label as non-Halal

Direct certification (by government – BPJPH)

Proven certification process; shields from future changes

Play safe, protect/secure existing business – start now

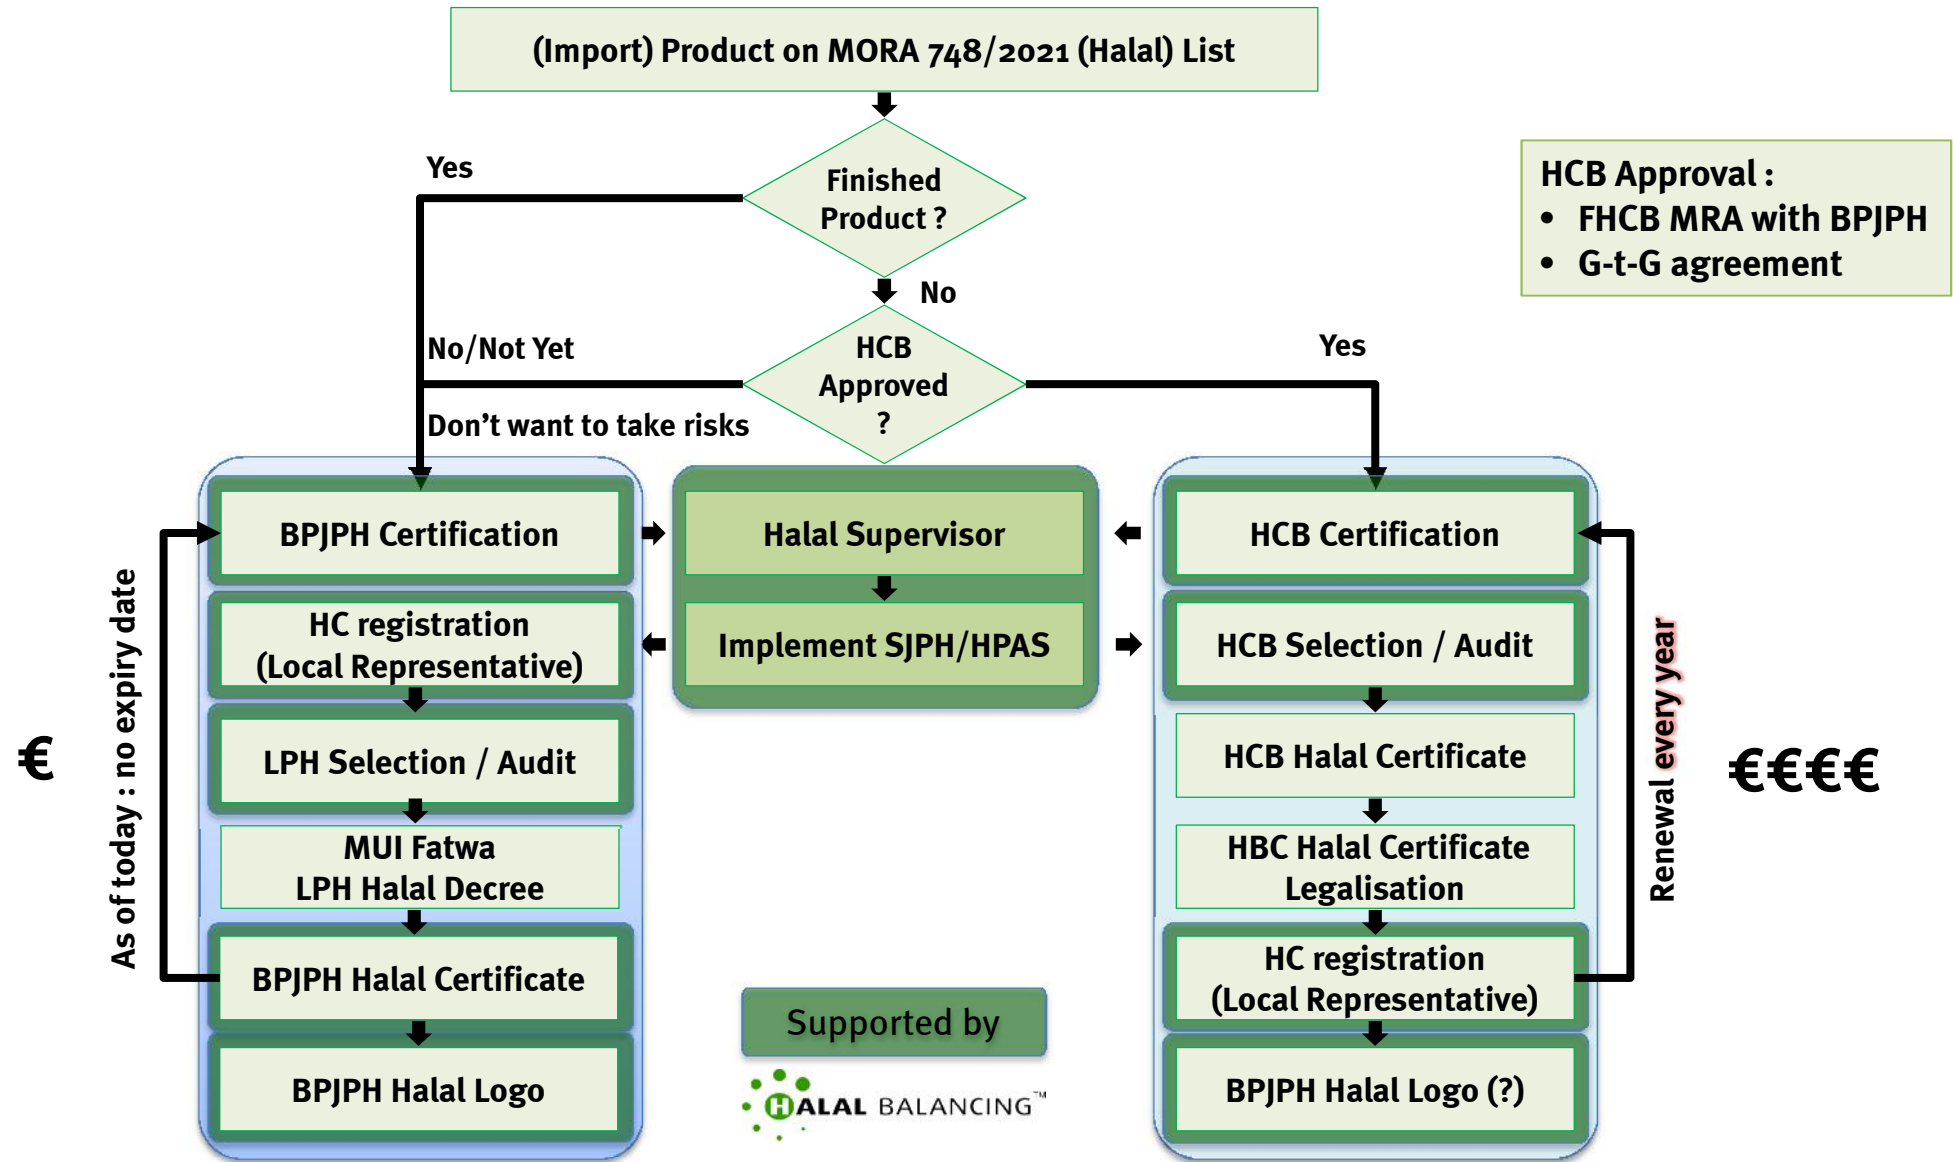

Indirect certification by BPJPH approved certifiers (FHCB)

Untested process, no visibility on (EU) FHCB approval status

Lack of G-t-G agreement (Indonesia/Europe or Indonesia/individual countries)

Gamble on timely recognition of local Halal Certification Bodies

Certification schemes

Direct BPJPH Halal Certification

Finished products & ingredients

Independent of the local Halal Certification Body used

- Setup of a SJPH/HAS 23000 compliant Halal Assurance System
- BPJPH Registration (SiHalal)
- Obtain STTD (required to initiate audit)
- Act as Local Representative if required
- Management of Audit (Cerol, LPPOM MUI)
- Audit assistance / Halal decree
- BPJPH certificate (SiHalal)
- BPJPH Logo

Indirect BPJPH Halal Certification (HCB)

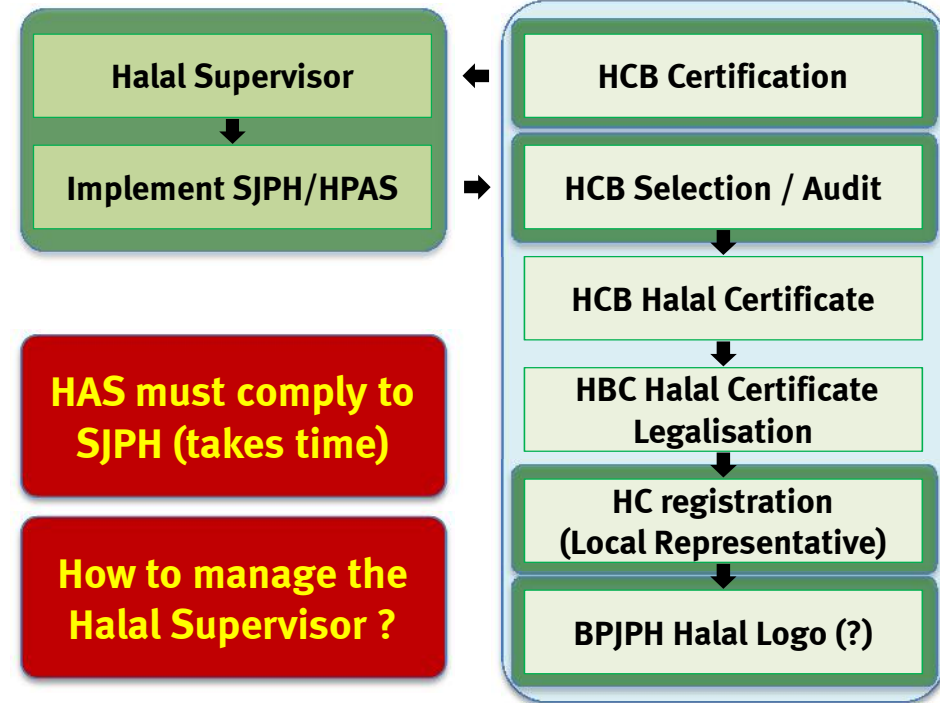

Possibly limited to ingredients
Does not apply to finished products
sold in foodservice/locally repacked

UNITAM PEROLEH NEGARA
 JAMINAN PRODUK HALAL
 KEMENTERIAN AGAMA RI

IMPORT PRODUCTS SERVICE SCHEME

NO	CATEGORY	SERVICE SCHEME
I	End Products	<ul style="list-style-type: none"> Submit the halal certification process directly to BPJPH Inspected by Indonesia LPH BPJPH will issue halal certificate
II	Category: a. Raw Material b. Processing Aid c. Additive d. Slaughtering Product	<ul style="list-style-type: none"> Can be certified by the Halal Certification Body in the country of origin The HCB must cooperate with BPJPH based on G to G agreement

- **Setup of a SJPH/HAS 23000 compliant Halal Assurance System**
- **Selection of Halal certification body**
- **Assist during audit**
- **BPJPH Registration (SiHalal)**
- **Act as Local Representative if required**
- **BPJPH Logo (if allowed)**

- Different HCB for each country**
- No G-t-G agreement yet**
- No HCB in approval stage yet (EU)**
- Existing Halal cert. may not comply**

Halal Product Assurance System (SJPH)

Acceptance/certification of the SJPH first

Only then certification of products

SJPH implementation often underestimated

HAS Plug In[®] program :

‘Plugs in’ Halal content

into existing quality or food safety systems

HAS23000 version :

Covers the requirements of BPJPH (SJPH) And

LPPOM MUI (as LPH)
